basic feature

basic
feature
基本特征

a. verbal system

The Swahili verbal system is distinctly more complex than that of English, consisting of numerous affixes, both inflectional and derivational morphemes, attached to the verb root.

b. language

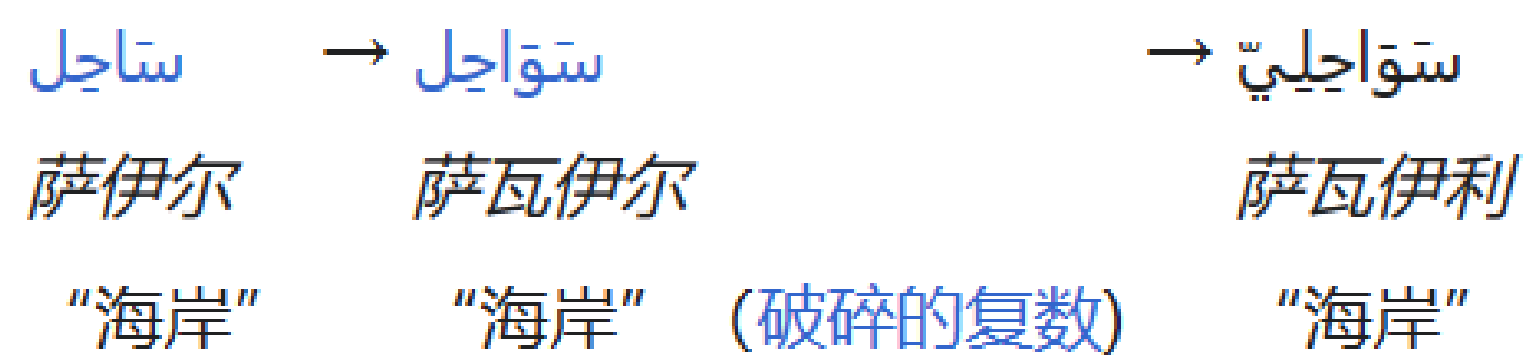

Swahili has many Arabic words in its language

c. art

Swahili designs are primarily geometric because of Islamic restrictions on anthropomorphic images.

Language and politics

"Divide and rule":
Less than 4% of the elite speak only English in school

The British colonial government pushed to systematize and standardize Kiswahili

post-independence 独立后

It became a medium to call on all ethnic groups to unite and shape a common political philosophy.

why swahili ?

1. Pre-independence, Kiswahili has become a medium for rallying ethnic groups and shaping common political ideas
2. The majority of the population was able to use or understand Kiswahili.

"斯瓦希里化"

Principle: **education for self-reliance**

"education should improve people's living standards and social welfare ;

follow socialist principles and reduce dependence on the West;

be geared towards meeting national needs and providing lifelong education to avoid creating educational stratification"
(Nyerere1967).

Kiswahili into secondary education

During this period, the Government mandated English as the medium of instruction in secondary schools, which posed a serious challenge to students' learning abilities and learning outcomes.
